

Monocrystalline module 15 Watt

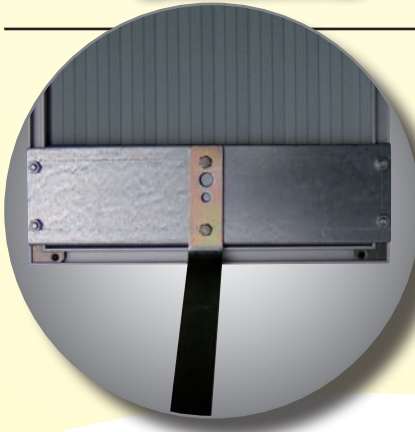

- Self regulating solar module, consisting of monocrystalline silicium cells.
- Enclosed in a solid aluminium frame.
- Complete with connection cable.

Part. no.	Piece
14146	1

Performance: 15 Watt
Suitable for: farmer A3000, hotSHOCK A10/A15, horiSMART A20, intelliSTOP AN15/AN25 and equistop A2

Battery recommendation: Super vlies battery 45Ah(Part no.15128) and and all 12volt lead acid batteries (63Ah, 88Ah,100Ah) see p. 56

Dimension (L x W x H): 64cm x 30cm x 2,5cm

Mounting for solar modules

- This mounting solution consists of a mounting plate which gets connected to the aluminium frame of the module and a metal stake which you can adjust to the attach fixture 14156 or 14192.

Mounting for monocrystalline module 10 Watt, Art.-Nr. 14063

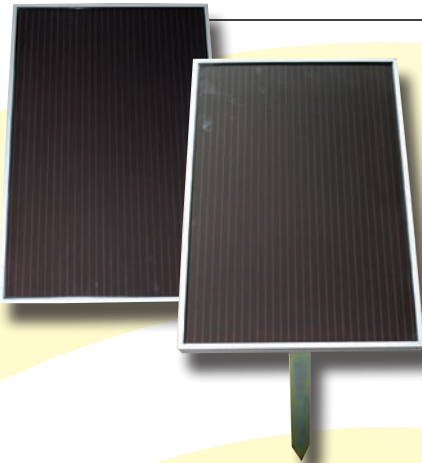

Part. no.	Piece
14153	1

Mounting for monocrystalline module 15 Watt, Art.-Nr. 14146

Part. no.	Piece
14154	1

Mounting for monocrystalline module 20 Watt, Art.-Nr. 14064

Part. no.	Piece
14155	1

Solar module 5Watt

Part. no.	Piece
14145	1

- The budget alternative to high class monocrystalline modules.
- Recommended for fences with reduced current consumption because of limited intake capacity.
- Complete with connection cable and solid aluminium frame.

Solar module 5Watt with mounting

Part. no.	Piece
14152	1

- Same module than part no. 14145, but additionally with mounting part and stake for easy adjustment of the solar solution to fence farmer A1000, electrifiable metal transport bos, part no. 15444 and the transport boxes part no. 14129, 15000 and 15466 in connection with attach fixture 14156.

Performance: 5Watt
Suitable for: farmer A1000 and the like 12 V fences with reduced current consumption
Battery recommendation: Super Vlies battery 45Ah, part no. 15128 and with lead acid battery 63Ah, part no. 14124
Dimension (L x W x H): 36.5cm x 31.5cm x 2.1cm

- With this adjustment fixture electric fences „farmer A100 and farmer A3000“ can get retrofit.

ATTACH - CONNECT - READY

Attach fixture for solar modules for farmer fences

Part. no.	Piece
14192	1

- With this adjustment metal transport boxes (see p. 57) can get retrofit.

ATTACH - CONNECT - READY

Attach fixture for solar modules for metal transport boxes

Part. no.	Piece
14156	1
